TOWARDS A HARMONISED ONSHORE POWER SUPPLY IN THE EUROPEAN UNION

EALING Mid-Term Event

Online

29th April

10:00 a.m. – 1:00 p.m. CEST

Emissions reduction at the ship-port interface is one of the key drivers to reach the IMO 2030 and 2050 decarbonisation goals and to face the key challenges of the EU Green Deal: regulatory, technical, operational and economic actions to reduce GHG emissions are required to move towards a lower-carbon future.

Establishing of a suitable framework based on EU and national legislations for a harmonised European approach to the Onshore Power Supply (Cold Ironing) is at the heart of EALING Action. During the event the results coming from the EALING Activity 1 "Harmonised framework for the electrification of participating TEN-T maritime ports", Activity 2 "Maritime fleet adaptation" and Activity 3 "Technical studies for the electrification infrastructure of the participating TEN-T maritime ports" will be deepened and discussed together with industry players involved in building a more competitive and sustainable TEN-T Maritime Network.

AGENDA

10:00 a.m. – 10:05 a.m.

Welcome addresses and Openings

Rocio Garcia, EALING Project Coordinator, **Fundación Valenciaport**

10:05 a.m. – 11:45 a.m.

EALING Action

EALING Studies Overview

Rocio Garcia, EALING Project Coordinator, **Fundación Valenciaport**

EALING Project video

Results of EALING Activity 1 - Harmonised framework for the electrification of participating TEN-T maritime ports

Reza Karimpour, Project Manager, **Circle**

Results of EALING Activity 2 - Maritime fleet adaptation

Astrinos Papadakis, Mechanical Engineer, **Hydrus**

Results of EALING Activity 3 - Technical studies for the electrification infrastructure of the participating TEN-T maritime ports

Alexandra Georgiou, Production and Management Engineer, **PROTASIS SA**

11:45 a.m. – 01:00 p.m.

Round table – Discussion on the Statements

Moderator: Alexio Picco, Managing Director, **CIRCLE GROUP**

Jose M P Sanchez, Project Manager and Director of Agenda AIVP 2030, **AIVP**

Gert Nørgaard, Manager Strategy & Planning, **COPENHAGEN MALMÖ PORT**

Jorgen Bjerre, Deputy Head of Unit Ports and Inland Navigation, **DG MOVE**

Demetres Armanes, Smart Vessels' Senior Research Engineer, **ABS**

Fanny Lossy, Senior Policy Advisor - Maritime Safety, Environment & Offshore, **ECSA**

Roland Teixeira, President, **EOPSA**

Valter Selén, Senior Policy Advisor for Sustainable Development and EcoPorts
Coordinator, **ESPO**

Francis Sabio, Chair of the Environment, Safety and Security Committee, **FEPOR**

01:00 p.m.

Conclusions
